Dear Mr Weisberg,

Thank you for sending Ross the book I asked you to send him.

I think it would be a fine idea to put him in Contact with your friend in the Minneapolis area.

Even though Ross is quite young, having just completed his first quarter at the University, he is intensely

interested in the J.F.K. Subject. Also, he is an excellent student, having made an almost straight "A" Average this quarter.

Thank you for mentioning the subject to us first.

Sincerely
Mrs. Lloyd Ralston
